

2024 Nominee Bios

Jeff Munger

My wife Nancy and I moved to the Village in June 2023. We love the feeling of community and I would appreciate the opportunity to serve on the HOA Board of Directors. I am recently semi-retired and work in the jewelry industry. I have called Utah home for over 30 years and have lived in Midvale for over 5 years. My objective is to work with the other HOA board members to support our community, to maintain an attractive neighborhood and be good stewards of the HOA funds.

Nola Kotter

I've lived in The Village for about 15 years and have appreciated the quality of life we have in our community. I felt good about it the first time my real estate agent took me to see the house I now live in.

I moved from Maryland – outside of Washington, DC. I liked growing up there but decided in my “later years” that I needed a stronger sense of community in my life. My parents and most relatives were born in Utah, so I came here!

I have a BA in English and enjoy writing but I have worked mostly as an administrative assistant, which sometimes included using my writing skills. I currently work part-time in a church store.

I had the chance to learn more about “how things work” in an HOA when I served on my condo board in Maryland, a few months before I moved to Utah.

In our community, Marion Bench and I have welcomed new neighbors over the past several years. This was started by a former board member, Sandee Brewer, and we have enjoyed keeping it going! As many of you know, we give out an information packet when we visit new residents. I've updated and streamlined the packet as needed over the years.

Finally, I love service! I don't like to be in the spotlight but I get lots of satisfaction from helping others where and when I can.

Jan Ryan

I have lived in Utah since 1984, most recently moving back to Salt Lake from Southern Utah last June. She and her husband, Russ, enjoy taking advantage of the adventures the area has to offer, including cycling, hiking, camping, kayaking, snowshoeing and, of course, pickleball! Jan is excited for the opportunity to serve the Village community and meet more neighbors in the process.

Kimberlee Hansen

My family moved into The Village in October of 2019 and I have enjoyed the community of our neighborhood ever since. You have probably met us out on one of our family walks, during the summer at the pool, or trick or treating with our little boy, Freddie, this past year. My husband, Michael, and I have truly loved getting to know our community and are so happy that we have you all for our neighbors.

I grew up in Southern California and moved to Utah in 2006 to attend the University of Utah and received a BFA and MFA from The School of Dance. While completing my MFA I began my professional dance career and proceeded to dance with Ballet West for the next 10 years. During my time at Ballet West I became heavily involved in the dancer's union, AGMA, and served as scribe and secretary for three major contract negotiations. I also served as a member of the dancer's Joint Committee, acting as a liaison between dancers, staff, and management. Upon retirement from my ballet career, I started work for a local IT company as an Inside Sales Account Manager. For the time being, I am staying at home with Freddie and soon to be baby girl, due in May.
